

December 2018 Workshops

#WS-1205 Intro to Chainmaille Jewelry: Beginner

With Debbie Simmons, Thurs. 12/6/18, 6-8pm, Room 16/17, M\$20 NM\$23

Learn the basics of Chain Maille: how to properly hold the pliers, opening and closing jump rings, materials and wire gauges. Students will work with starter chains for all of the patterns to be taught during the class and sample materials will be provided to practice the pattern during the class. For those who wish to purchase kits or links, the instructor will have extra material on hand. Payments need to be either cash or check. Bring glasses if you wear them/readers or safety glasses – eye protection is always a good idea. Students are encouraged to bring their own bent nose pliers (with smooth jaws) and a split ring opener, if they have them. If not – the instructor will have extras for use in the class. **Max 8**

(C) WS-1207 iPad: Camera & Photos

With Pam Cox, Fri. 12/7/18, 1-4pm, Con L, M\$30 NM\$33

In this workshop you will be introduced to the iPad's 2 cameras and what they are used for. You will be shown the different camera modes and when they are best used. Then we will move on to the photo app that stores and organizes your images. You will be introduced to the different ways your iPad organizes images and learn how to make an album and move your images to albums. We will discuss sharing images with others and the best way to do that. Lastly, we will visit the edit functions of the iPad and you will be shown the tools available to improve your images or make them fun. **Requirement: Bring your fully charged iPad for hands on experience. Max 14**

(C) WS-1208 How to Navigate Social Media Safely

With John Pappa, Sat. 12/8/18, 1-3pm Room Con L \$20(Non-members \$23)

In this informative workshop, students will be introduced to the fun world of Facebook, Twitter and Instagram and be taught how to safely use all of these free social media sites to connect with both family and friends, near and far. Students will be shown how to make an online phone call or video and learn how to share photos with friends and family. Students will be given the necessary tools to sign up all sites and be shown how to have fun while staying safe, too. **Students must bring own Smartphone or Tablet to class. Max 15**

WS-1210 Introduction to Quilling

With Carol Berntsson, Mon. 12/10/18, 11am-1pm, Room 21, M\$20 NM\$23

Quilling is essentially the art of paper sculpture. This beautiful old art form can be mastered easily following the basic technique and using the materials provided in this introductory workshop. In this workshop, students will be provided with the materials and equipment that will enable them to develop a hobby that produces lovely accents, ornaments, and three-dimensional pictures to enhance gifts and cards. **\$15 materials fee to Instructor. Max 5**

TO REGISTER FOR ANY OF THESE WORKSHOPS, COME INTO THE LEARNING PLACE OFFICE AT 2280 Aaron St., Port Charlotte OR REGISTER WITH CREDIT CARD BY CALLING (941) 625-4175 ext 223 DURING BUSINESS HOURS

December 2018 Workshops

WS-1213 Self-Confidence Now for Women

With Carolyn Jones, Thurs. 12/13/18, 9:30-10:30am, Room 20, M\$10 NM \$13

If you are a woman who lacks self-confidence then this talk is for you. This talk will teach you 5 simple ways to build self-confidence while embracing who you are. You will learn the definition of self-confidence: what it is and what it is not, barriers to self-confidence, why it is important and ways to improve it. Self Confidence NOW is a talk for women who want to improve their self confidence in the workplace. The lack of self-confidence can oftentimes hinder ones professional growth. Let me show you the difference between self-confidence and self-esteem, how to improve your self-confidence immediately and help you build your confidence muscle.

(C) WS-1215 Intro to Cloud Computing

With John Pappa, Sat. 12/15/18, 1-4pm, Con L, M\$30 NM \$33

What is the Cloud? Where is the Cloud? Are we in the Cloud now? These are all questions you've probably heard or even asked yourself. The term "Cloud computing" is everywhere and can be done anywhere, anytime. Come to this workshop to get a better understanding of what "The Cloud" is, why it matters and whether it is useful to you. All three flavors of Cloud Computing; including Windows, Google, and Apple. Students may want to bring pen and paper to take notes. **Max 14**
